Woodland to Close Two Elementary Schools to Limit Spread of Norovirus, Yolo County

Yolo County's Health Officer, in partnership with the Woodland Joint Unified School District (WJUSD), has decided to take advantage of the upcoming long weekend and close Dingle and Tafoya elementary schools on Friday, 05/26/17, to limit further transmission of the Norovirus in these two schools, which have experienced particularly high rates of the illness.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed last week due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- There is no estimate when this section of State Route 1, approximately nine miles north of the San Luis Obispo/Monterey County line will re-open.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.
- All deliveries and local access previously scheduled have been suspended.

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Solano County: Sacramento River at Rio Vista

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Inland Region

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Placer County: Truckee River at Truckee
- Alpine County: East Fork Carson River at Markleeville, West Fork Carson River at Woodfords

WEATHER SYNOPSIS BY REGION

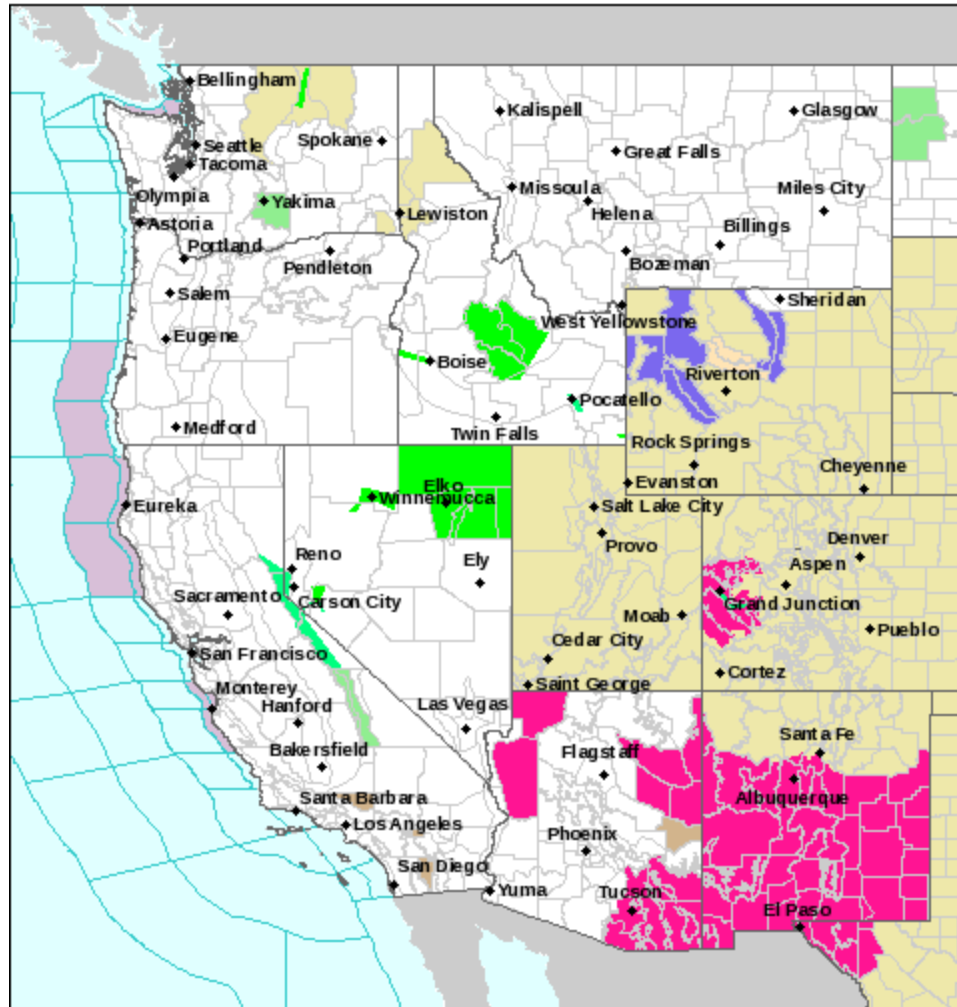

NORTHERN CALIFORNIA

High pressure will return by late today and produce a warming trend through Sunday. However, there will still be afternoon buildups and a slight chance of showers or thunderstorms over the higher terrain each day. By Memorial Day the ridge will move off to the east and a Pacific low pressure trough will approach the region, bringing a cooling trend with breezy conditions. Afternoon shower and thunderstorm chances will continue.

SOUTHERN CALIFORNIA

Windy in and near the deserts through today. High temperatures will be 5-10 degrees cooler today with afternoon readings only in the 70s to lower 80s in the valleys and foothills. Winds will be a bit more westerly today which will cause the strongest winds to shift toward the eastern side of the Cleveland National Forest. This weekend, a ridge will build over the area, leading to warmer and less windy weather. Marine layer coverage will be confined to the coastal regions by Sunday. High temperatures will reach the lower 90s across the San Joaquin Valley and lower foothills by Sunday and Monday. Minimum RH will drop into the teens in exposed foothill locations below 6,000 feet during the afternoon hours. Isolated afternoon showers and wet thunderstorms will be possible along the Sierra Crest Saturday through Monday. Cooler weather may return by the middle of next week.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Missions

- **2017-LAW-35909 5/22/17, 0732 hours**, Sacramento County Sheriff's Department (SCSD) is requesting SAR resources to locate a missing adult male who is presumed drowned east of Winter Island on the border of Pittsburg and Antioch. The MP was attempting to rescue his minor son from the water on Saturday afternoon and never resurfaced. The minor was successfully rescued by others. This is a joint operation with the USCG. SCSD SAR is requesting Solano SO resources (boat, side scan sonar and Dive Team) to assist. They also requested 2 water certified HRD K9's from CARDAs. All resources will be briefed Tuesday, 05/23 at 0700 hours at the Delta Marina in Rio Vista. The Solano Team has accepted the mission and two CARDAs K9 teams have been contacted and have accepted. **UPDATE:** 05/22, 1800 hours, SCSD SAR advised they developed information late today that suggests the search area is much larger than originally believed and, as a result, use of the side scan would be ineffective. They will utilize the responding Water Certified HRD K9's on local boats to attempt to narrow down the MP's location and will request the Solano SO Dive Team for the recovery if needed. Law Branch A/C Broughton will respond to the search. **Update:** 05/23/17, 1232 hours, SCSD SAR advised the K9 teams worked the water for approx. 1 hour but high winds forced the early cessation of search efforts. At this time there are no plans to resume search efforts. **Update: 05/24/17, 1526 hours**, SCSD SAR advised that earlier on 05/24/17, they detected and measured an image on their sonar they believe could be their MP. The location is at/near where he was reported submerging and at a depth of approx. 40'. SCSD SAR is requesting a Dive Team to assist locating and recovering his remains. The Contra Costa County Sheriff's Dept. Dive Team accepted the mission and will respond to the Delta Marina on Thursday, 05/25/17, at 0830 hours. **Mission Ongoing.**

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
